How items were counted

- Publications/Reports page: each publication or report listed under the Publications and Reports headings.
- Forms page: each row of the Master Form List. The DS-DE 39 row has two parts with their own dates and links, so it is listed as two items.
- Not listed: links to other pages on the site (the Forms sub-page lists and the Publications Archive link) and links that have no visible text on the page.
- Titles and dates are copied as they appear on the page.
